Instructor-Led Trainings and On-Demand Trainings

Personal POD access details and 8x walkthrough Labs

ACE Academy

The Aviatrix Certified Engineer (ACE) Program is the industry's leading multicloud networking certification. Its comprehensive trainings and specialized courses provide a deep understanding of how to build, operate, automate, scale, and secure cloud networks across Amazon Web Services (AWS), Microsoft Azure, Google Cloud Platform (GCP), and Oracle Cloud Infrastructure (OCI). The ACE Program equips participants with best practices that span all major cloud providers.

https://docs.aviatrixlab.com/ace-ops/docs/home.html

Prerequisite, Expectations & How to get Certified

Prerequisite:

• ACE Associate is required. ACE Professional is highly recommended.

Expectations:

• The focus is on gaining familiarity with tools at your disposal for troubleshooting real-world Day 2 cloud issues. This is NOT a Build/Design training (please refer to the ACE PRO training).

How to get Certified:

- 1. Create Aviatrix ACE Academy Account: <u>https://ace.aviatrix.com</u>
- 2. A Subset of Aviatrix use cases will be discussed (these are meaningful use cases collected from real scenarios)
 - There are 8 Labs that you will have to complete (an <u>automated script will evaluate the completion of all labs</u>). PODs will be torn down as soon as the training has been completed.
- 3. Attend the entire course.
- 4. On day 2, you will work with other participants on another dedicated pod (i.e., "*Let's troubleshoot together*" POD), where you will be presented with several failures. The objective is to identify and fix the failures using the Aviatrix platform tools.
 - ▶ Demonstrate a collaborative approach (it is NOT mandatory to resolve all failures ☺).
- 5. Complete the Survey.
- Recordings are not distributed, nevertheless, the slides will be shared
 AVIATRIX

Certification will be then delivered after approximately seven business days!

Day-1 Morning	Approx. Duration	Start time
Welcome / Logistics / Agenda / Intro	0:10	9:00 AM
Walkthrough of Operational features of CoPilot	1:00	9:10 AM
Network Segmentation	0:20	10:10 AM
Lab 1 Network Segmentation	0:30	10:30 AM
Lab 2 Connection Policy	0:30	11:00 AM
Break	0:20	10:30 AM
FireNet	0:35	11:50 AM
Lab 3 FireNet - Interface	0:35	12:25 AM
Lunch Break	1:00	1:00 PM

Meet the Presenter

Joe Amendolara Senior Solutions Architect, Aviatrix

Past: Whirlpool, Huawei, Orange linkedin.com/in/joe-amendolara

Day-1 Afternoon	Approx. Duration	Start time
Lab 4 FireNet - Routes	0:35	2:00 PM
Routes Manipulation & NAT	0:40	2:35 PM
BREAK	0:25	3:15 PM
Lab 5 Routes Manipulation & NAT	0:40	3:40 PM
Site2Cloud	0:40	4:20 PM
END		5:00 PM

Meet the Presenter

Joe Amendolara Senior Solutions Architect, Aviatrix

Past: Whirlpool, Huawei, Orange linkedin.com/in/joe-amendolara

Day-2 Morning	Approx. Duration	Start time
Welcome / Agenda	0:10	9:00 AM
Lab 6 Site2Cloud	0:40	9:10 AM
Secure Egress	0:40	9:50 AM
Lab 7 Secure Egress	0:40	10:30 AM
Break	0:25	11:10 AM
Operational Best Practices	0:45	11:35 AM
Distributed Cloud Firewall	0:40	12:20 PM
Lunch Break	1:00	1:00 PM

Meet the Presenter

Joe Amendolara Senior Solutions Architect, Aviatrix

Past: Whirlpool, Huawei, Orange linkedin.com/in/joe-amendolara

Day-2 Afternoon	Approx. Duration	Start time
Lab 8 Distributed Cloud Firewall	0:40	2:00 PM
Break	0:25	2:40 PM
Let's Troubleshoot Together	1:30	3:05 PM
Scenario Learnings / Survey / Certification Process	0:25	4:35 PM
END		5:00 PM

Meet the Presenter

Joe Amendolara Senior Solutions Architect, Aviatrix

Past: Whirlpool, Huawei, Orange linkedin.com/in/joe-amendolara

Next: Walkthrough of Operational features of the CoPilot
